The graves are in a lovely location, opposite the chapel, under a tree, with a stone bench for prayer and contemplation. I purchased them in 2005 when my wife had a terminally ill diagnosis, which subsequently turned out to be in error thank God. We are selling them because we've decided to be interred at our church. The prices when I bought them totaled \$4275, and the cemetery indicates the prices are the same today. Available for Immediate Need. Includes Transfer Fee.
